

Trail Rules & Etiquette for Crew

Leaders and Crew Members

- It's not about YOU
- Safety First! Safety First! Safety First!
- Be Prepared
- Do a good turn daily
- 'Coming through' is not a demand, it is a request – honor it
- Have your crew step off on to the out slope – if possible, that makes the passerby walk on the trail and not the critical edge
- Respect nature
- Listen, Listen, Listen
- Be patient
- Communication
- Say thank you
- Take breaks as needed
- Encourage crew members to work at a comfortable pace
- Continually assess for risks
- Check tool carry and safety in/out of trail worksite
- Know where crew members are when using tools (spacing)
- Drink water
- Know strengths and weaknesses of your crew
- Don't push the limits
- Clean your tools
- Have FUN!
